$10,000 IN FUNDING FOR AGRICULTURE PLOT GRATEFULLY ACKNOWLEDGED

The principal, staff and families of Wilcannia Central School would like to express their sincere appreciation of the kind donation from the ‘Foundation for Rural & Regional Renewal’ and in particular ‘The Ian Potter Foundation’ for the procurement of two large water tanks and accessories for Stage 1 of our agricultural plot project.

These tanks will enable the school to further reduce its’ eco footprint on the Darling River as well as providing an invaluable water back-up in times of drought, whilst at the same time promoting additional educational options and employment opportunities for the community.

Yours in Appreciation

Sandra Bradley (Exec. Principal)
